Florida Public Health Institute (DentaQuest Foundation)

## 2004 – 2011

FL Department of Health, Public Health Dental Program (HRSA grants)

# FLORIDA'S ROADMAP FOR ORAL HEALTH

**Result: All people in Florida have optimal oral health and well-being**

## **Focus Area #1: Improved access and utilization of quality oral health care**

Indicator 1.1: Percentage of Medicaid/SCHIP-eligible children receiving any dental services

Indicator 2.1: Total emergency room costs and number of visits due to preventable oral health conditions

Indicator 3.1a: Percentage of Florida schools with school-based sealant programs

Indicator 3.1b: Total eligible children receiving a sealant on permanent molar tooth

## **Focus Area # 2: Increased access to community water fluoridation**

Indicator 2.1: Percentage of population on community water systems receiving fluoridated water

**RESULTS  
SCORECARD**

# RESULTS SCORECARD

## Interactive Scorecard

Provides indicators in a clear, concise format, easily accessible from the OHF website

- *Supports Results-Based Accountability*
- *Track and improve performance*
- *Embed on Website*

## Gant Charts

Show progression of strategies over time, reflecting trends and baseline changes

- *Manage programs and services*
- *Assign actions and due dates*
- *Link efforts to strategies*

## Strategy Maps

Facilitates the transfer of information from scorecard to annual, leadership and projection reports

- *Supports decision-making process*
- *Depicts clear line between efforts and goals*
- *Customized to needs*

# ACTION TEAMS

## Communication

- OHF Focus Area #1 and #2
- Utilizes social media platforms to disseminate relevant messages and information to increase awareness among the public and stakeholders on oral health issues in the State of Florida and in the U.S. Posting to include news, events, initiatives, articles, etc.(HRSA Workforce Grant thru 8/1/17)

## Data

- OHF Focus Area #1 and #2
- Reviews and updates data on all indicators associated with the two focus areas
- Assisting Florida Department of Health (FDOH) with development of the FDOH Burden of Oral Disease.

## Fluoridation

- OHF Focus Area #2
- Provides community water fluoridation training sessions, technical assistance to communities, and water operator education throughout Florida (FDOH WF Training Grant thru 6/30/15; HRSA Workforce Grant thru 8/1/17)

# ACTION TEAMS

## Medical-Dental

- Focus Area #1; Indicators 1.1 and 2.1
- Members provide presentations on integration of oral health and primary care
- Action needed: Collect data on emergency room diversion oral health projects/programs

## Sealants

- Focus Area #1: Indicators 3.1a and 3.1b
- Collects data on school-based sealants programs operating in Florida.
- Reviews/discusses best practice protocols; developing Florida Sealant fact sheet, provides SEALS training,

## Senior Oral Health

- Focus Area #1
- Maintains the Florida Page of the Oral Health America Wisdom Tooth Project
- Reviews the Medical Managed Assistance plans with expanded benefits for adult dental services (action steps needed)
- Meets every other month to share national and state initiatives for older adults
